Are Still Trying To Get Redcliff Gas in Calgary

NEGOTIATIONS BETWEEN INTERESTED PARTIES WERE RESUMED LAST WEEK—ONLY OBSTACLE NOW IS PRICE TO BE CHARGED FOR GAS DELIVERED AT MAIN LINE

According to Calgary papers negotiations are still under way between the Calgary Gas company, the city council and the Redcliff interests for the piping of gas from Redcliff to Calgary. The Alberta says:

A meeting of representatives of these three interests was held in Calgary last week with the object of obtaining information in regard to the amount invested by Redcliff interests, together with the cost of additional proposed investments. At this meeting it was brought out that the cost to the company of purchasing the gas rights, building a 10-inch pipeline and drilling 10 wells was estimated at \$1,500,000. The agreement provides that 1,500,000 cubic feet of gas per year will be sold to the Gas company, at a price providing that by drilling 10 wells during the first year, and three wells each of the following eight seasons will provide that cost. This gas is to be delivered at the junction of the low pressure main at 20 cents, and an extra charge of two cents a thousand is to be added. If booster plant is found necessary, the company expects to get some revenue from the field extension, and to receive from the sale of gas to the Calgary Gas company.

The gas committee will meet again and, it was stated, that should they be convinced that the price they were a reasonable price they would recommend that the city council agree with the Redcliff interests.

Wets Want Vote on Govt. Liqueur Control

Representatives of the Moderation League waited on Premier Greenfield, Friday and strongly urged the government to take a vote of the people on the question of abrogating the liquor sale by the government of liquor in the province.

W. M. Short, C. A. Reid, Weaver, W. H. Howe and Charles Alexander of Edmonton were the spokesmen of the delegation, each pointing out the unsatisfactory of the present liquor situation in regard to attempted prohibition being placed in a straight government control of liquor. Much emphasis was placed on the fact that it has been proven the present liquor act is one which cannot be enforced, and that the province can expend a large measure of revenue from liquor legislation.

Premier Greenfield promised the delegation that the government would take the suggestions into consideration. One member of the group stated after the interview that he believed the government was favorable to a submission of the question to the people on the question of government sale of liquor.

Says Cows Keep The Sheriff from Door

"We have the best country today in the world. Get your heads down to business and work, and you'll soon get back all that we have lost. Never be afraid of sticking to the cow. Anybody who sticks to cattle always keeps his sheriff from the door."

In these words, Mr. Burns, veteran pecker and ranch owner of western Canada, sounded a note of encouragement and optimism at the concluding session of the fourth annual convention of the Star of the West, a progressive Association of Western Canada, at the Palliser Hotel, Wednesday night.

Lynch, in a brief speech, said markets for western cattle are bright and the roads are rapidly opening up in the west, that as far as the ranchmen themselves are concerned, they believe the worst has been passed, and that the growth of western Canada in the last few years shows that the country is heading toward prosperity.

Railroad Business Shows Times Improving

Freight and passenger business done by the Canadian Pacific railway since the beginning of March shows a 20 per cent increase of approximately 20 per cent over the same period of last year, according to Charles Murphy, Western manager of the western lines of the Canadian Pacific railway.

"There is no cause for pessimism in Western Canada," said Mr. Murphy. "The business done by the railroads are a barometer of the prosperity of the country. When the prosperity of the country improves, the railroads get busier, when it does not, the railroads do not get busy."

Ola Dorst was hanged in Lethbridge yesterday morning.

MEETING FOR WOMEN HERE ON SATURDAY.

Mrs. Hughes, of Empress, organizer for the Women's Institute for this district, will be in Redcliff on Saturday afternoon of this week for the purpose of meeting the ladies of the town interested in this movement, and discussing with them the advisability of re-organizing here.

The meeting will be held in Mrs. E. Wallie's home and will commence at 2 o'clock in the afternoon. All interested in this movement are invited to attend.

Unemployment Is Matter for Provinces

"The policy of the present government is that unemployment is primarily a matter for the municipalities and provinces," said James Macleod, minister of labor, while estimating the cost of unemployment in the province of Canada.

The Premier King pointed out that the provinces have the power of regulation and employment were with the provinces, and that the provinces have the British North American Act of employment was a provincial matter.

The Premier King pointed out that the provinces have the power of regulation and employment were with the provinces, and that the provinces have the British North American Act of employment was a provincial matter.

Court of Arbitration To Adjust Farm Debts

The setting up of a court of arbitration for adjustment of farm debts in the drought area of the province will probably be provided for in amendments brought forward by the government to be introduced in the legislature by Hon. J. E. Brown, secretary-general.

The revised act will do away with the "drought area," and for the purpose of relief will probably apply to all parts of the province. The amendments will also provide for the setting up of a court of arbitration for adjustment of farm debts in the drought area of the province.

U.S. REPUBLICS DEALINGS WITH RED GOVERNMENT

The United States government again has made manifest its deep resentment and abhorrence at the political methods of Lenin and Trotsky, as an avowed protest against the execution of the prolate, Trotsky, and the death because he opposed the revolutionary doctrine of the soviet, the state department has withdrawn the authorization under which Ekaterina, wife of the Russian president, was planned to pay a visit to the United States.

In announcing their action yesterday, department officials said that the United States government was not prepared to extend its recognition to the soviet regime.

Irish Irregular Chief Dies from Wounds

Liam Lynch, chief of staff of the irregular forces, wounded and captured by Free state troops Tuesday morning, died of his wounds in a hospital in Dublin.

Lynch was captured during the fighting in the Dublin area, and was taken to a hospital in Dublin.

Football Notes

Who are the boys that like a game of football.

Redcliff, Redcliff, Whose motto is for to let them come all. Redcliff, Redcliff, It makes no difference what team they are meeting.

They always shall; they always shall, Receive a very friendly greeting From Redcliff. From Redcliff.

Chorus: Reuse them, cheer boys, give it with a will.

For the boys in black and white are the boys to climb the hill. In their backgrounds the defence is sound.

They always are solid and stiff, And the forwards are a credit To that good old team, Redcliff.

Major C. D. Scott has offered the use of the local armory as training rooms for the senior football club this summer. The executive expects to have some training equipment installed.

The senior football team will hold a practice tomorrow (Friday) night on the grounds. A full turnout is requested.

With the arrival of better weather, the members of the senior and junior football teams are getting down to practice in readiness for the competition, which is expected will start on May 2nd. No doubt some practice games will be held in the near future.

It is said that the Independents have arranged for a "C" team for May 24th. Given good support several teams will be brought in during the season.

This will give the fans an idea of how the match might be, and on the other hand, it will do much for the advance the Independents are making. It is no secret to say that even considerably larger crowds than last season will be on hand to witness the games this year.

Sandy Pate, who was last season one of the stalwarts of the "C" team, has attached his monkey to a form for the Calgary Hillbills.

Affiliation with the Alberta Association means that one of the best teams will have an opportunity of competing for the championship. And there is the Bennett trophy emblem of the championship of Alberta.

It is hoped by the officials of the senior team will have a brand new outfit of uniforms in readiness for the opening game. It will be here or in the hat?

It would be a good idea if certain members of the executive were detailed to look after the grounds. In the past the grounds in kept clear for the players and the game starts. After working all day the players require time in which to stretch their limbs before taking part in a strenuous game.

With a crowd of small boys—well, it is not the best of the world, but it is the best of the world. It may also be the means of saving a bad season of one of these days if this rule should be carried out.

East Farmers Neutral On Wheat Board

Eastern Canada farmers, as far as the wheat board is concerned, are practically neutral. They are not prepared to accept whatever the farmers of the west want, according to H. Wood, president of the United Farmers of Canada.

Mr. Wood returned from the annual convention of the Canadian Farmers' Union, which was held in Regina, last week, and was generally satisfied.

Regarding statements made in the west, Mr. Wood said that he had said nothing which would lead to any action on the part of the Canadian Farmers' Union.

Mr. Wood said that he had said nothing which would lead to any action on the part of the Canadian Farmers' Union.

May Do Away With Present School Districts

UNDER AMENDMENTS TO ACT IT WILL BE POSSIBLE TO CREATE MUNICIPAL, SCHOOL DISTRICTS AND DO AWAY WITH PRESENT DISTRICTS

Under amendments to the School Act of the province introduced last session in the legislature last week, it will be possible to create municipal, school districts and do away with present districts.

Hon. Fernin Bajer, minister of education, said that the amendments would give to local school districts and municipalities the power to create an entire municipality with one municipal board of trustees similar to the existing municipal councils. The Act would be compulsory in any way, but the system would be highly successful where adopted in the United States.

Many surveyor's points of the province had asked for such changes. J. R. Boyle said this was one of the most important bills which had come before the house this session, and he would like the opportunity of discussing it.

He therefore asked the speaker to allow him to read a statement which he had prepared, dealing with a future occasion, the house assembling.
